

Live and work in one of the UK's most digitally-progressive regions, that's fuelling Big Data discoveries and an ever-evolving creative tech ecosystem.

Liverpool City Region has an enviable reputation as a home to those with innovative ideas and a pioneering spirit, leading to a track record of world firsts and disruptive breakthroughs.

Our capabilities in high-performance and cognitive computing have positioned us at the vanguard of technology-driven industrial solutions.

There is a vibrant creative digital community with deep expertise in gaming and immersive technology, and film and TV production.

From digital scientists harnessing Big Data and AI to programmers and developers creating compelling content, Liverpool City Region is a natural home for companies looking to become part of a dynamic tech ecosystem.
